PRIMARY EXAMINER

DETAILED ACTION

Allowable Subject Matter

1. Claims 1-20 are allowed.
2. The following is an examiner's statement of reasons for allowance.

The claims of this application are distinguished over the prior art, not by any one particular limitation, but by the recited combination of limitations. Proper motivation could not be found in the prior art to combine references that disclose the limitations recited in the claims of this application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The IDS submitted by applicant on December 16, 2003 lists the best prior art found by examiner. Additional relevant art includes Vetrotec(6,562,225) and Ullman et al.(2004/0125848).
